

**CURRICULUM POLICY COMMITTEE (CPC)  
Academic Year 2015-2016**

The CPC, in association with its various subcommittees, is the primary curriculum committee for the Medical School and is charged with:

1. Defining the objectives of the educational program and forwarding the objectives to the Executive Committee for approval.
2. The integrated institutional responsibility for the overall design, management, evaluation, and central oversight of a coherent, efficient, and coordinated curriculum.
3. Developing and implementing policies regarding the amount of time medical students spend in required activities, including the total number of hours students are required to spend in clinical and educational activities during clinical clerkship rotations.
4. Determining the types of patients, clinical conditions, and appropriate clinical settings for education experiences, along with the expected level of medical student responsibility.
5. Monitoring, and when necessary, modifying the curriculum, medical student experiences, and methods used to assess student performance to ensure that the objectives of each student course, as well as the overall medical educational program, are achieved.
6. Ensuring mechanisms that invite input from all faculty on the curriculum, draft policies, and actions of the CPC.
7. Promoting innovations and individualized learning pathways for students.
8. Developing, monitoring, and disseminating information on professional attributes that students are expected to develop at UMMS.
9. Maintaining compliance with all relevant LCME standards.
