- **1point3 acres – real-time statistical updates**
<https://coronavirus.1point3acres.com/>

What to do if I develop COVID-19 symptoms?

- **MM guidelines:** http://www.med.umich.edu/i/ice/resources/coronavirus/c-19_employee_info.pdf. Contact OHS at 734-764-8021 or email occupational-health@med.umich.edu immediately to report your symptoms.

When OHS is closed, contact Infection Prevention (pager# 30032). If your symptoms develop while you are at work, put on an isolation or surgical mask and call OHS before leaving work. (Added 4/6/2020)

Department-Specific Sites:

Sites offering information about coping with coronavirus

- [Care for Your Coronavirus Anxiety](#)
“Resources for anxiety and your mental health in a global climate of uncertainty.” This site has vetted and compiled a wealth of research-backed and helpful tools—articles, meditations, access to mental health experts, anxiety screenings, and more. See the “[Take a Break](#)” section for simple resources and skills to refocus and refresh.
- [Self-Compassion and COVID-19](#) by Drs. Chris Germer and Kristin Neff
“Self-compassion can help if the virus is causing you unnecessary anxiety, limiting your ability to work or travel, reducing your income, or if you or someone you know has already contracted the virus... Self-compassion boosts the immune system, it reduces anxiety, and it’s the easiest way to keep our hearts open to others. Some measure of fear is a healthy response to a contagious virus, of course. We want to respond to the contagion in a wise manner – with preventive measures that benefit ourselves and others.”
