WHAT TO EXPECT

Current and future applicants will have the opportunity to learn more about residency programs at SUNY Downstate Medical Center/Kings County Hospital, connect with a diverse group of residents and faculty, and meet other applicants from around the county. The program will include a welcome message from the Diversity, Equity, and Inclusion Housetaff Council and small group discussions between attendees and residents from various specialties. The program will end with a panel comprised of underrepresented minority faculty and residents who will provide advice to applicants on how to successfully navigate the residency application and interview process.
