The mission of The University of Texas at Tyler Health Science Center Family Medicine Athens residency is to train physicians to provide high-quality healthcare for the entire family. We provide accessible and compassionate care for anyone in need, through all phases of life. We make an impact on our patient’s physical, mental, spiritual, and social health through a broad educational curriculum. We focus on full-scope training with an emphasis on procedural medicine and preventative care.

- Full scope Training
- Unopposed community setting
- Rural medicine
- Robust OB/women’s health experience
- Inpatient/outpatient procedural experience
- Located within one hour of Dallas and Tyler
